### Description

It is produced by coating high adhesion foam nitrile on a cut resistant, light and durable Dyneema Diamond® lining. It does not contain glass fiber and any similar auxiliary fibers. It provides maximum comfort for your skin. While TDM 100 provides C level cut resistance according to ISO 13997 test, it does not compromise fingertip sensitivity. It makes handling dry and less oily parts much easier than working with bare hands.

Usage areas: Assembly and production lines, metalworking, working with metal sheets, automotive, white goods, general use.
